Summer Newsletter

Happy Summer! It seems like we can have a couple of days of summer and then we have another season, but perhaps it is here to stay now. We hope your summer is going well and that you have fun and relaxing times planned.

IS YOUR SMILE ITS SUMMER TIME BRIGHTEST?

The end of June marks the official end of this year's Smiles for Life Charity Whitening program. If you would like to participate by either purchasing gel or having your teeth whitened (We will do trays or Zoom one hour whitening.) and find June is just too crazy to try to add something else, just call the office. We can arrange for you to prepay your treatment and then have the service, or pick up the gel, at a more convenient time for you. As our patients who have been with us for over a year know, every year, for the months

of March through June, we participate with the Crown Council's Smiles for Life program during which our teeth whitening fees are reduced and all of the money collected goes to children's charities. One half of the money goes to the Garth Brooks Teammates for Kids Foundation and one half of the money goes to our local COPE Family Services, as most of the supplies are donated and Dr. Fenderson donates the rest of the supplies and his team's time.

Another opportunity exists in the month of July. Should you decide to whiten your teeth in the month of July, you may write your check to Molly's Angels, the local charity that helps our senior citizens and others with very specific needs. We have been supporting this wonderful local program for years and are pleased to do it again this year.

BUSINESS OFFICE MAKEOVER

Diane's and Dr. Fenderson's dream came true! For years we have talked about making our business office into a more user-friendly space and it has finally happened. When you come in, be sure to stop and say "Hello" to Downstairs Diane so she can show off the beautiful new work space. Now that we have moved in, we have even found most of the things we moved out for the construction!

LATE SPRING BREAK

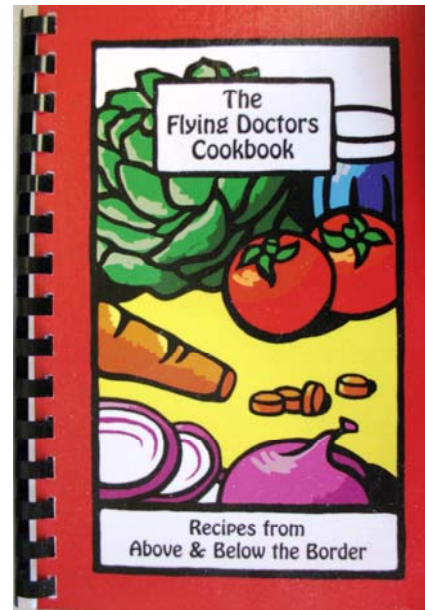

If you tried to reach us the last week of May, you discovered we were out of the office. Part of the reason was to allow the office makeover to happen, and part of it was a refreshing rest. Dr. Fenderson and Jeannie spent most of the time in and near Yosemite with a family reunion. The weather was perfect and the falls were spectacular. Laura and her husband spent some time in Santa Barbara, loving every minute of it. The rest of the team stayed locally, enjoying the options that having some time off provides.

FLYING DOCTORS LATE SUMMER

Thank you to everyone who has purchased one of the Flying Doctors Cookbooks!! The money for the cookbooks is used to purchase the necessary supplies for the trips to Mexico and Central America. The volunteers pay for their all their own expenses, including travel fares and lodging while on a trip, but the dental supplies must not only be purchased here, but carried down, making the trips quite costly. We have a few of the cookbooks left, so if anyone has missed a chance to get one and would like one, just call us and we will set one aside for you.

Part of the cookbook money will be spent on the Guatemala mission that Dr. Fenderson will be part of during the first week of August. Yes, our office will be closed during that week, **therefore.....**

If you have children who need preadmission school exams or you have children who will be going away to school and need exams and/or cleanings, call the office NOW to save a convenient time. Our late summer times fill quickly as do your children's time as they try to get everything done before... Thanks for helping us and them out!
